Submitter Information

Name: J Hoover

General Comment

When will you stop the oversight into or lives? We work 40 plus hours a week to provide for ourselves and to put away for the future. And now you deem that we are incapable of taking care of ourselves financially so you want more control, more power, more say over our hard earned money? When the Federal Government cannot even manage its own finances, but yet deem that you can do better with my money than me fat chance. How about you square away your debts and finances before you can say what I do with my money.
